

Antica

The much-loved Pizzantica from Casa Italia New Farm is coming to Wilston!

Home to a bevy of bars, breakfast spots, gifting, and eateries, Kedron Brook Road is where Wilston comes alive. Adding to its repertoire come January, a delicious Italian pizzeria, kitchen, and bar will be on the menu for locals come 2022.

From Michelangelo Renda, Luca Ferone and Renzo Renda – the owners and driving force behind Antica – this tight-knit family are passionate about sharing a slice of their heritage with the local community. Focusing on “local for locals”, their mission is to support other local businesses and integrate this into their traditional Italian dishes. Find succulent salami from Borgo in Holland Park on their classic pizzas, artisan cheese from

Casa Motta in Mansfield, local Moreton Bay bugs in their pasta, and wash it all down with beers from Green Beacon in Teneriffe.

“We make our dough in-house and fresh to ensure you’re getting the highest quality base,” says Renzo. “Every pizza is hand-stretched to order by our Pizzaioli and cooked at about 400 degrees for around 90 seconds in our Italian made pizza ovens. The result, a traditional southern Italian pizza, made right here in Brisbane.”

Mixing traditional with deliciously fresh local ingredients – we’re adding a booking here to the top of our list for the New Year!

Phytomer Le Spa

The home of French girl beauty.

We all know how to work out with dumbbells, but what about skin fitness? Keeping your skin in shape is an important principle of French Beauty Therapy, and thanks to the mind of Shelley Veitch (owner of Phytomer Le Spa and a French-trained beauty expert) you can experience it one level up from Kedron Brook Road in Wilston.

Transport yourself to a world away with deluxe French pampering through their soothing, calming, and detoxing facial massage. Used for centuries in France to improve the overall health of the skin, Phytomer Le Spa has curated a range of facials to address your skin concerns purely through massage. It's as simple as choosing your skin concern, intensity (basic or supreme), and frequency (single or program). Using lymphatic drainage methods, cold rose quartz rollers, electronic vibration draining wands, gua sha, French derma stimulating rollers, and red LED, each technique is used to lift, form, relax, smooth, detox, and even induce the production of collagen. Ranging from \$125 to \$250, there's a plumping facial massage to suit all your skin's needs.
