OUR 'PIZZA' HISTORY

Our story starts in 2012, when luca & mike pioneered australia's first mobile pizza oven on a vintage vw kombi (pictures on our shelf). with our kombi, 'pizzantica' took to the streets of brisbane, making only the finest quality nea-style pizza for people of all walks of life. recognised for quality, it wasn't long before our fans were calling for a permanent pizzeria to enjoy their favourite dough.

This saw 'pizzantica' open at casa italia in new farm – the original meeting place for italian migrants. after many successful years, the time had come to build our flagship.

antica, our labour of love and passion for pizza. we invite you to continuing sharing in our little slice of history.
